This chapter shall be called “MUC-1 Mixed Use Commercial Zone”.

**17.45.020 Application.**

This chapter shall apply to all areas zoned MUC-1.

**17.45.030 Purpose.**

MUC-1 zone is intended to implement the MUC comprehensive plan designation by accommodating a dense mix of small scale, pedestrian oriented commercial activities and residential uses such as stores, eating and drinking establishments, offices, art galleries, and smaller multiunit residential buildings. Uses permitted in this zone typically rely on a high degree of visibility and easy pedestrian access. The regulations in this chapter are intended to create and maintain a traditional small town streetscape with urban characteristics, including buildings located at the street-line, smaller scale buildings, and entrances and windows that face the street. Parking is provided by on-street spaces, off-street public parking lots, or in small lots located behind buildings and accessed from alleyways. Uses that detract from, or do not contribute to, a traditional small town streetscape, such as gas stations, outdoor storage yards, and drive-through uses shall be prohibited.

**17.45.040 Authority.**

This chapter is adopted pursuant to the provisions of chapters 35.63, 35A.63, 36.70A and 36.70B RCW and other applicable laws. (Ord. 1857 § 2 (Exh. B), 2018).
