Property Summary

The Ballard Independent is a mixed-use development currently under construction in the Ballard neighborhood of Seattle. With an expected grand opening in Q4 2024, this brand-new 7-story apartment building will have 238 residential units and 10,056 square feet of prime retail space, thoughtfully designed to accommodate a diverse range of businesses.

Distinguished by its historical charm, Scandinavian influences, and vibrant social scene, Ballard stands as a cherished and unique facet of the greater Seattle region. The property is strategically situated at the prominent gateway intersection of NW Market Street and 24th Ave NW, the end cap of historic Ballard Avenue retail corridor. With its weekly farmer's market, Ballard Avenue is one of the most visited streets in Seattle, home to dozens of restaurants, bars, outdoorsy retailers, retro boutiques, and entertainment venues. These destinations attract a substantial influx of visitors throughout the day, effectively boosting the area's daytime population beyond its thriving employment and service sectors.

Given the burgeoning residential population and favorable demographics of the area, the site is poised to become a premier destination for a variety of retailers.
