CALLFORRATES

Marysville Town Center offers prime retail and office opportunities with 979 - 21,877 SF available.

Boasting strong freeway visibility and easy access to I-5, this centrally located property sits along Highway 538 in Marysville, just 30 miles north of Seattle. Exciting nearby developments, including the Marysville Riverwalk project with 325-400 new apartments, a hotel, and a sports complex, enhance the area's vibrancy. Upcoming corridor and interchange improvements along I-5 will further boost accessibility.

Improved Access & Growing Traffic Exposure

The new I-5/SR 529 interchange — opened in October 2025 — provides direct northbound and southbound freeway access to State Avenue, dramatically improving connectivity to downtown Marysville and the surrounding retail corridor.

With congestion relief from the former at-grade rail crossing and smoother traffic flow along State Avenue, traffic counts in front of Marysville Town Center are projected to increase significantly, with continued growth as travel patterns adjust.

This enhanced accessibility positions the center for stronger customer traffic and expanded regional draw from both I-5 and the greater Marysville trade area.
