Lobby Renovation

Recently completed property lobby renovation, showcasing an exquisite blend of modern aesthetics and the natural beauty of the Pacific Northwest. The revitalized lobby now boasts an array of captivating elements, including native Pacific Northwest plants that breathe life into the space. Adding an air of sophistication, the blackened steel panel wall treatments create a visually striking backdrop. The integration of reclaimed wood benches adds warmth and character, inviting visitors to relax and unwind. Additionally, the elevator interiors have been transformed into captivating visual experiences with back-lit photo panels depicting the breathtaking scenery of the Pacific Northwest. This renovation has truly transformed the lobby into a captivating space that embodies the essence of the region while providing a welcoming and visually stunning environment for all who enter.
