If the answer is "Yes" to any asterisked (*) items, please explain below (use additional sheets if necessary). Please refer to the line number(s) of the question(s).

Line 126: During the past 10 yrs, Unit 1 had two water intrusion episodes that wetted the carpet in the NW bedroom. Both episodes occurred during periods of unusually high rainfall. For the first episode an investigation determined that a drainpipe associated with the building perimeter drain system had a break and was clogged with roots. The affected section of pipe was replaced. The second smaller episode occurred more recently and is believed to be the result of unusually high rainfall accumulating in the parking area. The parking area has since been improved by 1) modifications to better direct rainfall away from the building and 2) improved water proofing by re-sealing seams. Line 43: Apt 3 has 1 year lease ending on 9/1/18. Apts 1 & 2 are month to month.
