INVESTMENT SUMMARY

NAI Puget Sound Properties is pleased to present a rare opportunity to acquire a South Lake Union 4-Plex with Value-Add investment upside in adding townhome units or re-developing property to high density multifamily project.

The property is currently an existing 4-plex with light and spacious living units, surface parking for all tenants, and on-site storage units in lower level.

The property is located in Seattle's desirable South Lake Union tech-sector neighborhood in the North Cascade District. This property is one of the few remaining residential development parcels in the South Lake Union area.

Short term leases allow an investor/developer to perfect the rent roll to maximize cash flow during land banking prior to commencing construction on a value-add plan or re-development plan.
