OPPORTUNITY

Centralia Station is a ±21-acre developed retail, office, and business park located at Exit 81 in Centralia, WA.

The property is comprised of multiple parcels, ranging in size from 20,000 SF to 5.74 acres contiguous. Approved land uses include retail, retail pads, general commercial, service industrial, light industrial, office, professional services. The site is SEPA approved. The centralized storm water and compensatory storm water system are fully constructed, and ready for connection to individual lots.

TRANSPORTATION

The Yew Street extension will connect the site to both the Mellen Street and Harrison Street interchanges.

The Mellen Street off ramp extends into the site, creating a secondary access to I-5 from the Mellen Street interchange.

UTILITIES

Water, sewer, storm water and power connections are available in the Yew Street right of way, and can be extended to individual lots.

▶ ABOUT CENTRALIA

Located on Interstate 5, the West Coast's major trade corridor, Centralia is well-positioned between Portland and Seattle and is a strategic business "hub." Centralia is the largest city in Lewis County with just under 17,000 residents. Its close proximity to Seattle and Portland and their international airports, as well as the deep water Port of Grays Harbor, make it easy to move goods in and out of the community.

The Port of Centralia, a major contributor to the Centralia economy, has worked with many companies to locate in Centralia a few include: Rogers Machinery Company, Inc., Dick's Brewing Company, Scot Industries, Michael's Distribution Center, Lineage Logistics, Lowe's Distribution Center, Sierra Pacific Industries, and Mega Arms.

Companies have chosen to locate in Centralia for many reasons including our quality of life, location on the I-5 corridor, a lower cost of doing business, and workforce development programs.
