COMMERCIAL PROPERTIES

Since inception, this building has been maintained by an owner user with the utmost care. Located a block away from a Naval Kitsap Shipyard entrance, the tenants have always been a barbershop and salon. Large amounts of plumbing throughout would provide for many different uses such as retail, office, or restaurant. Suites individually metered for gas and electric. Notices have been provided by the City of Bremerton outlining the extensive improvements that will occur along Naval Avenue in the near future. Buildings in the vicinity have not sat long, so grab your chance at an affordable building with long-term growth potential.
