Chapter 17.45

C-1 DOWNTOWN DISTRICTS

Sections:

17.45.010 Overall intent.

17.45.020 Subdistricts and more detailed intent.

17.45.030 Permitted uses.

17.45.040 Accessory uses.

17.45.050 Conditional uses.

17.45.060 Prohibited uses.

17.45.070 Development standards.

17.45.010 Overall intent.

The intent of this chapter is to establish and preserve the city's historic downtown and downtown-adjacent neighborhoods having a wide range of retail uses and businesses, housing options, public open space, government and professional offices and places of amusement in a setting conducive to safe, convenient, comfortable, and attractive pedestrian use. (Ord. 3749 § 3, 2018).

17.45.020 Subdistricts and more detailed intent.

The C-1 zone consists of three distinct subdistricts identified and illustrated below:

A. C-1a. That area bound by Division Street on the north, Broadway Street on the south between South 1st Street and the Burlington Northern Santa Fe (BNSF) railroad right-of-way and Kincaid Street on the south between the BNSF railroad right-of-way and Interstate-5, the Skagit River on the west, and Interstate-5 on the east.

1. This subdistrict emphasizes pedestrian-oriented retail shopping on the ground floor. The area is required to include a high level of pedestrian amenities, including continuous storefronts with awnings, and pedestrian sidewalks wider than those found in other commercial zones. This subdistrict is composed of pedestrian-friendly streetscapes intended for shoppers walking from merchant to merchant, open spaces, courtyards,

trails, benches, appropriate lighting, and street trees. The design principles for buildings and streets are taken from traditional small towns not oriented to automobile travel.

B. C-1b. All areas lying outside subdistricts C-1a and C-1c.

1. This subdistrict provides for those downtown support services such as banks, offices, motels, gas stations and print shops which are not as pedestrian-oriented but are essential to the life of the downtown businesses.

C. C-1c. That area bound by Broadway Street to the north between South 1st Street and the Burlington Northern Santa Fe (BNSF) railroad right-of-way and Kincaid Street on the north between the BNSF railroad right-of-way and Interstate-5, South 1st Street to the west, Interstate-5 to the east, West Section Street (and a straight line projection of West Section Street from Harrison Street to South 1st Street) to the south with a projection of property extending approximately 630 linear feet to the intersection of West Section Street and the BNSF railroad right-of-way then extending east along the north right-of-way of East Hazel Street to where it intersects South 6th Street, then north to a point where South 6th Street intersects with West Section Street.

1. This subdistrict is intended to be a diverse and pedestrian-friendly neighborhood with a mix of housing, civic uses, and workplaces all within a short walk of each other. The retail and entertainment uses found within the C-1a subdistrict are intended to be supported by the C-1c subdistrict.

D. C-1 zoned property located within the areas mapped below shall have the subdistrict designation that is shown.

(Ord. 3749 § 3, 2018).
