## About our Condos

Waterfront Condominiums are uniquely suited for a life of waterfront recreation and urban living in the heart of Bellingham, Washington. Nestled along the coastline of Bellingham Bay, Waterfront Condominium offers striking views of both sea and city. Enjoy the relaxing benefits of water-side real estate surrounded by urban and marine amenities.

Waterfront Condominium blends a warm Pacific Northwest nature inspired aesthetic with modern finishes throughout. Its design is forward-thinking and enhances and integrates with Bellingham's existing architectural and natural environments. The concrete and steel buildings structure ensures both sturdiness and some of the quietest condo living. The City of Bellingham plans to complete a park between the condominiums and waterfront.

Waterfront Condominium is a community that bridges the Waterfront District and downtown Bellingham. Neighbors include Waypoint Park, coffee shops, favorite restaurants, and the historic Granary Building. Stroll right out onto the shore for a walk with coastal, island, and mountain views right before you enjoy an ocean-side dinner.
