FLOOR PLAN

FLOOR PLAN

This architectural floor plan depicts a building with a central corridor and several functional areas. The rooms are labeled as follows:

- Waiting (103)**: A large open area with several chairs.
- Reception (104)**: A desk area adjacent to the waiting room.
- Vestibule (101)**: An entrance area with a set of stairs.
- Office (108)**: A room with a desk and chair.
- Office (115)**: Another office space.
- Work Area (107)**: A large open space with several desks.
- Lab (107)**: A laboratory space.
- Steril (108)**: A sterilization room.
- Mech (110)**: A mechanical room.
- Lockers (112)**: A locker room.
- Consul (117)**: A consultation room.
- Consul (118)**: Another consultation room.
- X-Ray (118)**: An X-ray room.
- Hall (105)**: A central hallway.
- R.R. (113)**: A rest room.
- R.R. (114)**: Another rest room.
- R.R. (115)**: A third rest room.
- Storage (106)**: A storage room.
- Break Room (109)**: A room for breaks.

The building is surrounded by a large parking lot with numerous spaces. A dashed line indicates a path or boundary. A north arrow is located in the upper right corner. The plan also shows a "MECH" room, "LOCKERS", and "R.R." (rest rooms). A "Vestibule" is also indicated. The overall layout suggests a medical or research facility.

beBright.

beBright is a privately backed dental and orthodontic group formed in 2023 through the combination of several leading pediatric dentistry and orthodontic practices. Headquartered in Minnetonka, Minnesota, the company operates roughly 40 locations across multiple states, employing more than 65 providers and 600 team members who collectively serve over 500,000 patients each year. beBright's business model integrates pediatric dentistry and orthodontics under one organization while maintaining clinical autonomy for its partner practices. The company provides centralized support for marketing, HR, finance, IT, compliance, and operations, allowing its practices to focus on patient care while benefiting from efficiencies of scale.

Backed by InTandem Capital Partners, a private equity firm focused on healthcare growth platforms, beBright is positioned for disciplined expansion and long-term sustainability. The company's dual-specialty focus and centralized infrastructure enable steady revenue and operational efficiency, while its patient satisfaction—reflected in more than 13,000 positive reviews—underscores strong brand trust and retention. For investors, beBright represents a stable healthcare tenant with recurring demand tied to essential pediatric and orthodontic services. Although the organization is relatively young, its scale, professional management, and financial backing provide a strong foundation for growth and tenant reliability.

ZONING INFORMATION

C-G

The C-G zoning district in Meridian, Idaho—short for General Retail and Service Commercial—represents the city's most flexible and high-intensity commercial zone. Strategically located along major corridors and intersections, C-G parcels are designated for regional-scale commercial developments including retail centers, offices, restaurants, hotels, and even light industrial or tech/flex space.

This zoning offers an incredibly wide range of permitted uses, from shopping centers and drive-thru restaurants to medical clinics, entertainment venues, auto dealerships, and professional offices. Its broad allowances also include accessory uses like outdoor food trucks and limited storage, making the space adaptable to many commercial concepts. For developers and investors, C-G provides streamlined entitlements, reducing the need for rezoning or complex hearings—most typical uses are already pre-approved.

The C-G district is also backed by solid infrastructure, robust design standards, and high visibility, especially in fast-growing corridors like Eagle Road or near I-84. Whether your buyer is a national retailer, a hotel group, a medical user, or an office developer, a C-G parcel offers the flexibility to meet changing market needs—a rare and valuable attribute in today's market.

BOISE, IDAHO

AREA OVERVIEW

The Boise Valley is home to Idaho's capitol and serves as the center of commerce, politics, population, cultural events, and the blue field that personifies the Boise State Broncos. As a high desert community resting at the foot of the mountains, it is surrounded by thriving bedroom communities rich in their own histories and economies, bringing the metro area population to approximately 845,864. Experts estimate the MSA population will exceed 1,075,000 by 2050.

Although Idaho is world famous for its agriculture, it has an equally vibrant economic environment for high-tech, healthcare, education, transportation, service, tourism, and retail industries. Many nationally and globally recognized corporations have a home in the valley, including Micron Technology, Hewlett Packard, Amazon, Albertsons, J.R. Simplot Company, MotivePower, Materne, LambWeston, and many others.

Forbes consistently ranks the Boise Valley as one of the top places in the country to not only do business, but also for raising a family, entertainment, recreation and its high quality of life.
