- » Current lease expires January 31, 2027

Tailored for owner-users, 838 Seneca Avenue offers a rare opportunity to control a 23,400-square-foot, concrete tilt-up standalone facility in one of the Puget Sound’s most constrained light industrial corridors. The building delivers institutional-grade functionality with three dock-high doors, two grade-level roll-up doors, 24-foot clear height, and a fully fenced 1.41-acre site – with the ability to secure side yards for enhanced operational control. The secured yard supports outdoor equipment storage, vehicle parking, and controlled access, making it an ideal fit for companies seeking efficient, self-contained operations. With its compact footprint, full circulation, and adaptable layout, the facility is uniquely positioned to meet the needs of owner-occupiers in a highly competitive submarket.
