Location: Colville, Washington

Haney Lumber is a leading regional builder supply and home improvement center in eastern Washington. Independently owned and operated for over five decades, this high-volume retail and wholesale & distribution outpost is known for a wide selection of quality products, affordable prices, and excellent customer service. Among the most popular product lines sold are lumber, hardware, paint, cabinetry, tools & sundries, windows & doors, and roofing & asphalt materials. Additional services include kitchen design and product delivery. The store serves the home improvement needs of a large network of residential communities and capitalizes on a generational client base of builders, developers, general contractors and remodeling subcontractors. The business carries a long-standing A+ rating with the Better Business Bureau and is exceptionally well reviewed in the public domain.

Operations are anchored by a centrally located 20,000 square foot facility and include retail, warehousing, and office space. The real estate consists of a multi-parcel lot totaling 10 acres. The yard is secure and offers covered storage, loading zones & commercial delivery access, and ample parking for customers and the company vehicle fleet. The operating business and the real estate holding company are owned by the seller. The commercial real estate is generating a competitive 9% cap rate on net operating income and is included in the sale.

Day-to-day operations are overseen by a tenured team with substantial industry experience. The staff is responsible for sales, design, purchasing, facilities, client relations, inventory management, deliveries, and office & administrative duties. Ownership contributes approximately one full time equivalent to the labor of the business in form of leadership and executive oversight.

An appropriate amount of transition training will be provided to a qualified buyer. The sale is motivated by retirement.
