EXECUTIVE SUMMARY

Spring Glen Daycare – Renton represents a rare opportunity to acquire a purpose-built childcare facility with an active 100-child license in a supply-constrained King County submarket.

The center is currently operating at limited capacity following a burst pipe, however, the license remains active and the real estate fundamentals are exceptionally strong.

Upon completion of required repairs, a new operator can reposition and relaunch the center under its existing license and capitalize on strong demographic demand and premium Renton tuition rates.

Estimated repairs of \$250,000 are required prior to full reactivation of the center.

This offering is ideally suited for:

Multi-center childcare operators

Operators seeking high-margin repositioning opportunity in a dense family corridor

Investors targeting stabilized childcare real estate with long-term appreciation

Spring Glen Daycare in Renton has been a daycare operation since 1988.
