Located in the southern region of the Puget Sound, Pierce County's population makes it the second largest county in Washington, behind King County, and is part of the Seattle MSA.

PIERCE COUNTY

Formed out of Thurston County in 1852, it was named for U.S. President Franklin Pierce. At the 2010 census, Pierce County's population was 795,225 and it is currently estimated to be approximately 876,764.

Pierce County boasts a diverse mixture of dynamic businesses with key industries including healthcare, financial services, aerospace, government and international marine shipping principally at the Port of Tacoma.

TACOMA

With a population over 213,000, Tacoma is the third-largest city in Washington State, the urban core of Pierce County, less than 10 miles from the Lakewood Residential Infill site.

With access to one of the largest ports in the United States and the largest military installation west of the Mississippi, the Tacoma economy is anchored by the Trade and Government Sectors. Health care and a rapidly growing leisure and hospitality industry help add diversity to this expanding economy.

PORT OF TACOMA

The Port of Tacoma, Washington's largest port, is a major seaport for the United States, serving as a major economic hub for the region and linking local businesses with international markets. Port operations support over 29,000 jobs and generate nearly \$3 billion in economic activity, including \$223 million in annual tax revenues. Together with the Port of Seattle, the ports recorded over \$75.3 billion in two-way international trade value that included commodities ranging from electronics to produce.
