HIGHLIGHTS

Exceptional Guest Satisfaction & Retention:

Boasting consistently high ratings on Expedia.com (9.0/10) and Google Maps, the Inn outperforms local competitors through superior service, and a "boutique" feel.

Prime Transit-Oriented Location:

Strategically positioned at the I-5 corridor (Exit 162), providing frictionless access for business travelers, Boeing Field (BFI) contractors, and tourists. Multiple transit lines within walking distance connect guests to Downtown Seattle in under 20 minutes.

Remodeled Portfolio Upside:

With 24 of the 52 rooms recently renovated (bathrooms and flooring), an investor can immediately implement a "value-add" program to the remaining 28 units to equalize ADR (Average Daily Rate) across the entire inventory.

Operational Efficiency:

Built in 1992: Modern construction standards (fully sprinklered, elevator-serviced).

Unit Mix: 44 standard rooms, 6 kitchenettes for extended stays, and 2 premium suites.
