5903 244th St SW
Mountlake Terrace, WA 98043
Offered at \$1,650,000

Positioned at the gateway to Mountlake Terrace, just off I-5 and adjacent to the Gateway Development and newly constructed Terrace Station—with the 244th Light Rail station arrived in 2024—this property offers a rare investment and redevelopment opportunity. The site features an existing two-story office building fully leased to eight tenants across two tax parcels, with abundant on-site parking. Its level topography and prominent location—bordered by streets on three sides—enhance both accessibility and visibility. Zoning supports future redevelopment for up to 18 residential units along with approximately 2,000 square feet of prime ground-floor retail space, as indicated by a recent massing study. The current income stream provides a stable hold during entitlement or a solid long-term investment option.
