SECTION FOUR

Market Overview

The Eastgate Discount

The 14205 Building offers a high-image, professional environment at a price point fundamentally more sustainable than the Bellevue CBD. By positioning within the I-90 Corridor, landlords can capture regional demand while providing tenants with a massive basis advantage.

	I-90 Submarket	Bellevue CBD
Direct Asking Rents	\$35.00 – \$45.00 PSF	\$65.00 – \$80.00 PSF
Under Construction	0 SF	±1,400,000 SF
Total Inventory	±5,500,000 SF	±13,500,000 SF

THE BOTTOM LINE

The I-90 submarket provides a **±45% rent discount** compared to the Bellevue CBD, saving a 10,000 SF tenant roughly **\$300k–\$350k annually**. This significant basis advantage allows the 14205 Building to offer a high-image, professional environment at a sustainable price point that attracts a broad range of regional businesses.

Strategic Conclusions

MASSIVE COST SAVINGS

The I-90 submarket offers a ±45% discount on rents compared to the CBD. For a 10,000 SF tenant, this equates to \$300,000–\$350,000 in annual savings.

SUPPLY INSULATION

With 0 SF currently under construction, the I-90 corridor is protected from the downward pricing pressure and “flight-to-quality” competition impacting the CBD’s 1.4M SF pipeline.

PREDICTABLE STABILITY

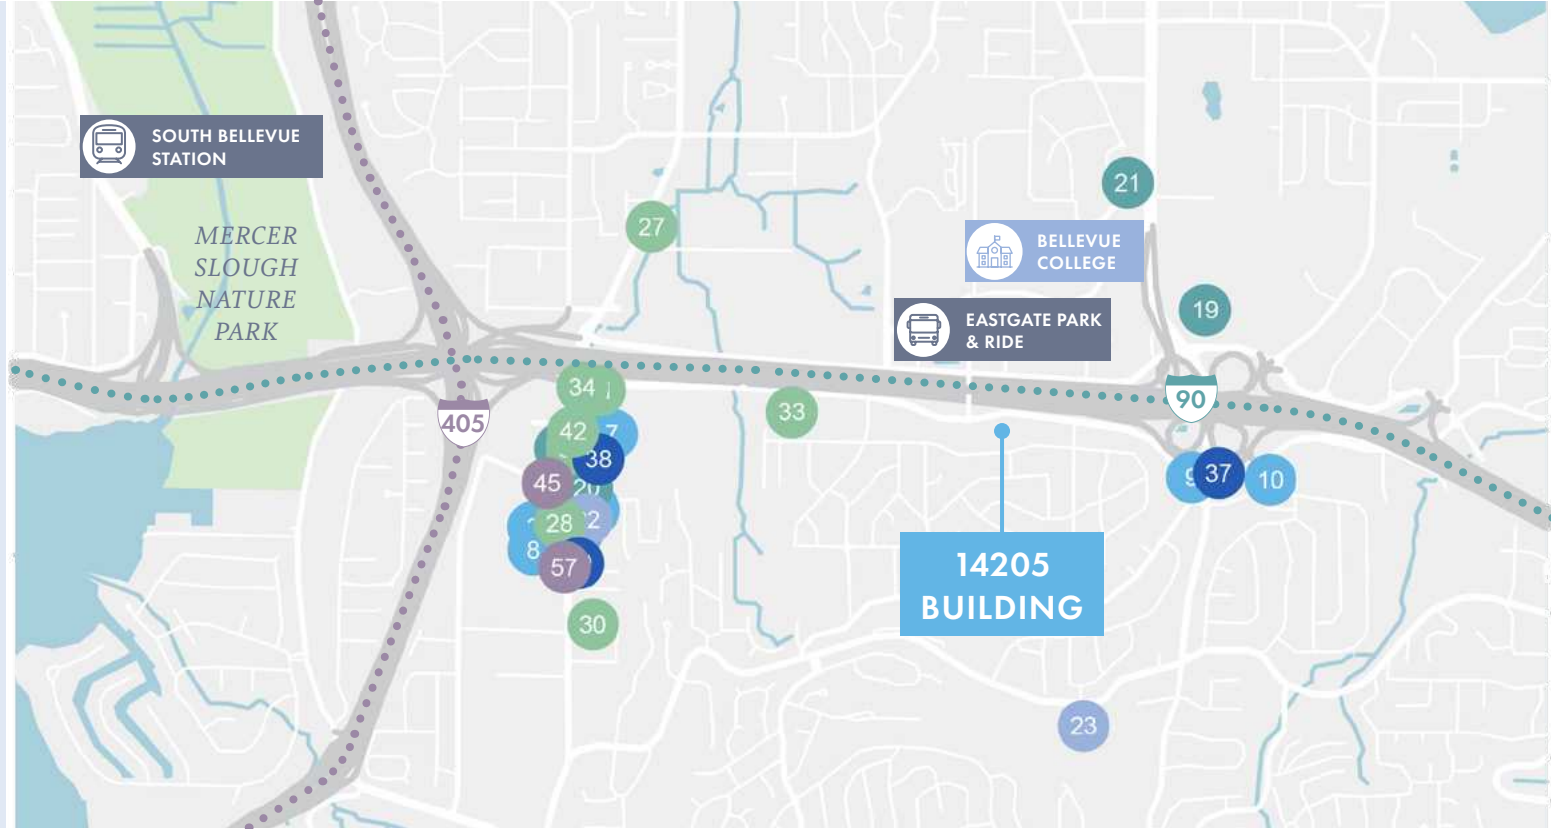

Investors are acquiring a “finished” landscape. The lack of new supply ensures a stabilized supply-demand balance that won’t be disrupted by major new tower deliveries.

TENANT RETENTION

The corridor’s lower density and high accessibility (parking and ease of access) are increasingly attractive to professional and medical services as CBD density rises.

Unrivaled Connectivity in the Heart of Factoria

Located at the I-90 and I-405 nexus, the 14205 Building offers a lifestyle of convenience. Enjoy immediate access to over 50 transit, dining, and retail destinations—all within minutes of your office.
