INVESTMENT OVERVIEW

The Cushman & Wakefield's Self-Storage Advisory Group has been exclusively retained to market Drayton Harbor Mini Storage, a self-storage facility located in Blaine, Washington.

Drayton Harbor Mini Storage is a self-storage facility constructed in 2001 consisting of 117 drive-up, storage units totaling approximately 18,103 net rentable square feet plus 16 surface parking spaces (133 total). The property also includes a 2,000 SF mobile home rented to a third party.

The storage units are currently ~74% physically occupied, presenting a value-add opportunity through lease-up of vacant units. In-place rents average approximately \$0.93 per square foot, representing a significant discount to the estimated

weighted average market rent of approximately \$1.31 per square foot. The Property offers a clear path to NOI growth through lease-up and

The asset features an efficient drive-up unit mix and a straightforward operating profile, supporting low operating expenses and ease of management.

Drayton Harbor Mini Storage is located in Blaine, Washington, near the U.S.-Canada border with access to regional transportation corridors serving Whatcom County. The Blaine submarket benefits from limited competing supply, favorable self-storage demand fundamentals and its proximity to the rapid growth of both the Semiahmoo and Birch Bay communities.
